### Pledge of Allegiance

Vice President Drew Ellis led in the Pledge of Allegiance.

## **Electronic Participation**

Board member Steve Vondrak was not able to attend the meeting in person due to an employment-related obligation. In accordance with District 41 policy, Mr. Vondrak notified the superintendent's office that he would not be physically present for the Board meeting, but would like to participate in the meeting by phone.

Board members Drew Ellis moved and Terra Costa Howard seconded to approve Mr. Vondrak's participation by phone in the Board meeting. On a roll call vote answering "Aye:" Kenwood, Howard, Black, Ellis, Smith and Nelson; answering "Nay": None. Motion carried.

## **Roll Call**

Upon the roll being called, the following Board members answered present: John Kenwood, Dan Smith, Jr., Terra Costa Howard, Sam Black, Drew Ellis and Erica Nelson. Steve Vondrak joined the meeting at 9:30 p.m.

## **Public Participation**

Board President Erica Nelson welcomed attendees and asked that members of the audience wishing to address the Board limit comment to three minutes and provide the Board with copies of any written material.

Teresa Milich commented on Think Tank and addressed the Board on behalf of herself, Mary Femo, Carey Murphy, Nick Milich, Sara Mical and David Rojas. Below is a summary of the comments:

- Postpone any decisions pending the hiring of a new superintendent and the election of a new school hoard
- Need data demonstrating evidence of effectiveness and success
- Too much, too fast with too much risk to students
- Continue to engage new stakeholders and solicit parent feedback (e.g. more parent sessions and a community survey)
- Share the results of the teacher survey with parents and public
- Need a well-thought out process similar to that used with the Foreign Language recommendation

Mrs. Milich Thanked the Board on behalf of approximately 500 community members who are petitioning for the Think Tank work be slowed down.

## **Presentations, Reports and Initiatives**

The meeting began with a short video called "Changing Education Paradigms" by Sir Ken Robinson. Superintendent Dr. Ann Riebock noted that she wanted to provide Board members with an opportunity to see the video since it is relative to the Think Tank work and changing paradigms.

## **Discussion Items**

A. Security Equipment Updates: The Board discussed the Administration's recommendation to approve a purchase of approximately \$55,000 in security upgrades for the District 41 buildings. Dr. Riebock explained that in the wake of several safety issues, both local and nation-wide, the administration would like the Board to consider making an exception to its typical three-step process and approve the recommendation later in the evening. The matter was previously discussed at Finance Committee.

The recommendation includes placing security cameras with monitors and recorders at the front door of each district building, Aiphones with intercoms to the front entrance of each building and office wireless remote duress buttons at an estimated cost of \$55,000. The administration further recommended that the work begin immediately with funds from the current year budget plus an additional \$20,000 allocated dollars.

The Board inquired about the feasibility of an IP based system and it was noted that this system is more costly.

## **Action Items**

- B. Superintendent's Recommendations
  - 1. Security Equipment Upgrades: Board members Drew Ellis moved and Terra Howard seconded to approve the administration's recommendation presented earlier in the evening approving a purchase of approximate \$55,000 for security upgrades for the District 41 buildings. On a roll call vote answering "Aye": Howard, Black, Ellis, Smith, Kenwood and Nelson; answering "Nay": None. Motion carried.
  - Foreign Language Recommendation: At its January 14, 2013 meeting, the Board discussed the administration's recommendation to approve a Spanish Dual Language program at Churchill School, beginning with kindergarten and Spanish FLES beginning with grade 1 at all four elementary schools.

Costs for the FLES the program-including staff, materials, curriculum development and professional development-would increase each year until full implementation in year five; total cumulative costs for the first five years are estimated to be \$2,262,968.

Costs for the Dual Language program including curriculum, professional development and transportation are estimated to be \$42,000 annually.

Discussion focused on the district's ability to sustain the program overtime. Dr. Riebock said the administration believes that the program is sustainable and any needed adjustments are doable over the next five years. The Board expressed its interest in more divergent thinking that would allow all children to participate. The administration did look at different models but had a concern about the prohibitive costs related to needed curriculum plus as well as the difficulty in writing and implementing a curriculum for all grade levels.

The Board thanked all those involved for making this happen.

Board members Sam Black moved and John Kenwood seconded to approve the administration's recommendation as presented. On a roll call vote answering "Aye": Black, Ellis, Smith, Kenwood, Howard and Nelson; answering "Nay": None. Motion carried.

## **Superintendent's Report**

Superintendent Dr. Ann Riebock reported on the following matters:

- Illinois 5Essentials Survey: A school climate survey designed to drive improvement in schools will be distributed to students and teachers across the state during February and March of this year. The instrument surveys teachers and students in grade 6 and up; there is an optional parent survey as well. The district will encourage people to take the survey via various district communications and will be communicating more about the 5Essentials in the near future.
- ISAT: In 2014-2015, Illinois will switch from the ISAT to a new standardized test based on the Common Core standards called Partnership for Assessment of Readiness for College and Careers (PARCC). Dr. Riebock explained that districts have been forewarned that their scores will drop, and advised to start letting their communities know what to expect. As a step toward getting ready for that change, the 2013 ISATs questions will include about 20% targeting the Common Core and the 2013 ISAT cut scores will be against tougher criteria. Also, later this year, the state will provide the

- district with information regarding how its students' 2012 performance levels compare to what is expected under the new performance levels; once the district receives them, it will share these rescored results with the Board and public.
- Developer Donations: The district received a request from a developer in Glendale Heights asking to waive the fees because it is a senior citizen development. The district does not plan on honoring their request.

Mrs. Nelson thanked fellow Board members for their diligent effort in this endeavor.

## **Discussion Items**

A. Continuation of Pre-K At Risk Program: The BOE discussed the administration's recommendation to continue funding Pre-Kindergarten At Risk, a program that serves students ages 3-5 within District 41 who are at risk for academic failure when they reach kindergarten. These children mainly come from disadvantaged, limited English-speaking families. (This population of students is different from that of Early Childhood Special Education, which is a required program, serving children with disabilities and significant developmental delays.) District 41 has offered Pre-K- At Risk since 2001 and the program has grown over the years; it now serves 80 children and has a waiting list. For most of that time, a state grant offset the costs, funding the district lost as of the 2011-2012 school year. The Pre-K program helps the district ensure that all students start kindergarten ready to succeed by providing students who would otherwise not have access to early education opportunities the benefit of early schooling. The annual cost of the program is \$335,550. The matter has been discussed at Finance Committee and the BOE expects to take action on the matter at its Feb. 11 meeting

Board discussion focused on the stability and sustainability of the program. Dr. Riebock explained that while it is the least stable of the programs due to the population that a good number of children stay through the primary years. Dr. Riebock noted that in the past two years the District has moved to a blended program which includes Early Childhood special needs students, the Pre-K students and typically developing pre-schoolers. She further noted that she believes the program is growing in the right direction and experiencing learning success for all our students. District officials have analyzed the cost of this program along with other programmatic priorities and feel it is sustainable financially for the foreseeable future.

The Board will take action on this matter at its next regular meeting on February 11, 2013.

B. Data Warehouse: The Board discussed the administration's recommendation to approve the purchase of Skyward's data warehouse module with installation and project management services in the amount of \$23,317.00. This purchase will be made with a one-time payment from budgeted funds for the 2012/2013 school year. Continuing annual maintenance for the data warehouse module will be \$4,429.00. A server will need to be purchased to house the warehouse; the cost for the server will not exceed \$5,500.00.

Dr. Riebock noted that this will allow District data collection and use to move to the next level of sophistication because of its capacity and interface with both our student and finance software.

The Board will take action on this matter at its next regular meeting on February 11.

C. 2013 Hadley Summer Painting Project: The Board discussed a painting proposal for Hadley. Hadley is the final painting project for the district schools and it coincides with the Hadley LMC project. Over the past two years the district has painted each of the elementary schools. Hadley Jr. High is the only district building that has yet to be painted. Estimated cost for painting Hadley is approximately \$225,000. This is an increase in estimated cost as the scope of the project has increased since originally presented to the Finance Committee.

The Board will take action on this matter at its next regular meeting on February 11.
