

Brain Gym® 101

(630) 621-7953 ♦ learningpathways.phyllis@gmail.com

Brain Gym® is a unique program of physical activities that synchronizes body and mind to enhance learning and achievement for learners of all ages and abilities.

Class participants will learn

- Brain Gym® movements to improve reading, writing, math, and listening
- Activities to increase focus and attention
- Movements to support sensory integration for whole brain learning
- A five-step process to increase learning and release unnecessary performance stress
- Strategies for effective, easy implementation of Brain Gym® activities in a classroom or tutoring setting.

Brain Gym® is a registered trademark of Brain Gym® International/Educational Kinesiology Foundation, Ventura, CA

Register now! Space is limited.

Phyllis Ericksen, M.A., is an experienced teacher, tutor, and educational consultant. She is a licensed Brain Gym® Instructor and a Structures of Intellect learning specialist. She has been trained in and employs a variety of movement-based

learning methods, including Bal-A-Vis-X, Rhythmic Movement Training, Structures of Intellect-IPP, and Masgutova Neurosensorimotor Reflex Integration.
