

Think Tank BIBLIOGRAPHY

Many people have expressed an interest in knowing more about the Think Tank's research. While it's not possible to fully reproduce the research process, which included workshops, visits to other districts, conferences and guest speakers, the group is happy to share books, articles, videos and anything else that it can. What follows is a start. Please visit the Think Tank Web site often for new information.

Think Tank's Guiding Principles

1. Give every child what they need when they need it
2. Give every child an experience that is rigorous, relevant and built on strong relationships
