

Fall 2016

Dear Grade 1-5 Parents,

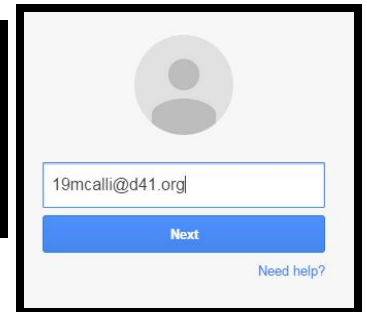

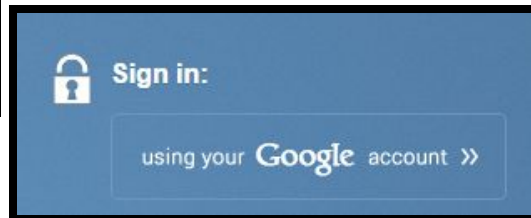

TypingClub
School Edition

I am excited to share that students now have access to a new keyboarding program for 1st - 5th grade students that will assist each student in mastering keyboarding. The portal to access this program is <https://glenellynd41.typingclub.com/>. This link can also be found on our [Library Media Center](#) webpage and your child's Google Classroom account.

Students will be prompted to enter their username and password. Students will login-in using their Google accounts. Don't forget

username@d41.org .

Students have been introduced to this program at school during their Digital Media class. Students would benefit from frequent keyboarding practice, at home. Please encourage your student to use proper technique and keep their fingers placed in the proper position.

TypingClub is 100% web-based, so there are no downloads or plugins required. I recommend using Google Chrome when your child is logging into any school related account.

Please contact me if you have any questions or concerns.

Happy Keyboarding!
Mrs. Callicott
