

# Full-Day K is on the way!

## Coming Fall 2025

# Full-Day Kindergarten Center

We are writing to inform you that the Board of Education has authorized the construction of an addition to the north side of Churchill Elementary School. This addition will provide space for the district to offer full-day kindergarten for all families within our boundaries.

While the district has been working toward the goal of offering full-day kindergarten for many years, the decision to proceed is especially timely given that the Governor recently signed a bill that requires school districts to offer full-day kindergarten no later than the 2027-28 school year. The district plan is to welcome children into this new addition at the start of the 2025-2026 school year.
