

# The Soldiers Project

Healing the Hidden Wounds of War

Free Confidential Therapy  
For Post 9/11 Veterans  
And Their Loved Ones

## MISSION STATEMENT

The Soldiers Project is committed to providing a safety net of psychological care for military service members and their loved ones. We provide free, confidential psychological counseling services to those who have served in any branch of the military after September 11, 2001.

## WHAT DO OUR THERAPISTS DO?

All our therapists are licensed mental health professionals trained to respond to the unique needs of service men and women, and veterans who have served post-9/11. This includes children, spouses, family members, and loved ones. Regardless of discharge status, we connect these brave people to therapists in our network. Our staff responds within 24-48 hours. Give us a call.
