

A School District 4 EVERY 1

We Choose to Include
Education takes on a beautiful shape
when ALL children are included

Tell me and I'll forget,

Teach me
and I'll remember,

Involve me and
I'll learn.

Welcome to Curriculum Night

Our Vision:

Ignite passion.

Imagine possibilities

D41 Mission:

We embrace the future with optimism,
working in partnership with our
community on behalf of our children.

We develop intellect, engage
creativity, foster responsibility, and
build positive and collaborative
relationships **to enable all children to
thrive** in a changing and increasingly
global society.

D41 Inclusionary Principles

- viewing every child as a general education student
- developing a continuum of services that is driven by individual student strengths and needs
- creating a culture that develops a sense of belonging for all diverse learners
- assuring shared ownership by every educator for every student
- respecting every student's strengths and needs
- presuming competence for each student
- engaging in collaborative problem solving to develop, challenge, and accommodate all learners

D41 Strategic Plan Goals

- Create opportunities for students from Ben Franklin instructional classes (AKA: SAC) to go to their home schools.
- Create opportunities for students currently outplaced to go to their homeschools.
- Create opportunities for more students in Early Childhood to be in blended classrooms with “typically developing” peers.
- Plan to make services more portable (Co-Teaching/Role Release/Related Services) in buildings.
- Provide professional development opportunities for all educators to improve differentiation.

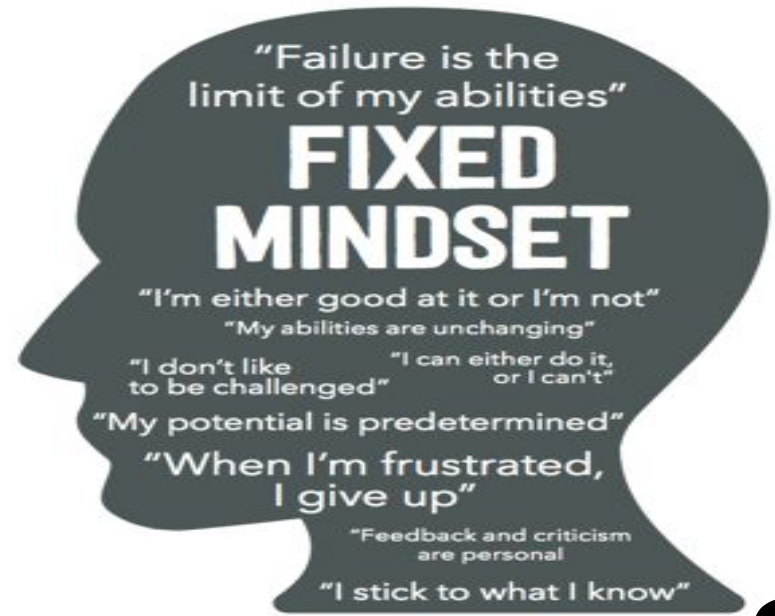

How will we meet students needs at Churchill?

- Professional Development to support D41 Inclusionary Practices
- Additional Certified Special Education and Related Service Staff
- Planning time & PLC time is regularly available for collaboration
- Proactive Instructional & Behavioral Support has been created to support students and staff
- Co-teaching opportunities

We continue to focus on Growth Mindset
