Recognition

Hadley Student Authors: The Board of Education recognized three students whose books have been published by the American Reading Company (ARC). The students (one of whom is now a student at Glenbard West High School) wrote their books last year as part of their work using ARC Research Labs, modules that help students learn Common Core standards as they research and write about various topics. The three students are all English Language Learners (ELL): one wrote about NASCAR, another

about the American Revolutionary War and the third about natural resources. All of the books met ARC's rigorous criteria: they were packed with interesting and accurate information written in the student's authentic voice and were high-quality, well organized and beautifully illustrated books. According to ARC, very few books are ever selected and it is extraordinary that three students from one school would be published. A representative of ARC presented each student with a hard copy of their book and a check for \$50. Katie McCluskey, Director of Bilingual/ELL Services said that the three students were remarkable examples of our District 41 Learner Characteristics and noted that all three students expressed their gratitude to their teacher, Lisa Marquez, for her support and encouragement.

Superintendent's Report

Superintendent Dr. Paul Gordon reported on the following matters:

- A. Parent Teacher Conferences: Dr. Gordon reported that the parent teacher conference schedule has been changed; offering parents an additional evening to pick from when scheduling their parent-teacher conferences and noted that the new schedule does not impact student attendance. The revised schedule is posted on the District 41 website with the changes indicated.
- B. Meeting with Wheaton College officials: Dr. Gordon reported on the meeting he and Board President Sam Black had with Wheaton College President Philip Ryken and Vice President Dale Kemp. The purpose of the meeting was two-fold: to bring closure to the issue of the District's desire to purchase the parcel at 1825 College Ave., and to explore partnering opportunities. College officials indicated that the East Campus property is very important to the college's long-term plan and noted that while they are not opposed to selling the property, they consider a fair market price to be between \$20 and \$25 million, which is significantly more than the District had thought of offering. Opportunities for future partnership were preliminarily discussed in the area of teacher education, particularly related to STEM education.
- C. Salary Compensation Report for Administrators and Teachers: Dr. Gordon noted that the 2012-2013 Administrator and Teacher Compensation Report that was distributed to the Board and will be available on the District's website on the morning following the meeting. The Board noted that a summary or key data points would be helpful.

The Team 21 recommendation was shared with the community in the <u>Superintendent's Message of Sept. 20.</u>

Discussion Items

A. 2014 Elementary School Facility Planning and Capital Projects: The Board discussed the Administration's preliminary proposal regarding the construction of flexible classrooms at each of the elementary buildings. The proposal would add four classrooms at each elementary school with a purpose of reducing the District's reliance on portables and create flexible space that will support 21st century learning. Preliminary estimates are at approximately \$11 million, with an estimated

additional \$4 million needed should the Board decide to include reconfiguration of Abraham Lincoln's central rotunda. The spaces would be designed for future conversion into STEAM labs, if the district is able to build a new school in the future.

The Board asked clarifying questions related to hard and soft costs and had a brief discussion about its fiscal philosophy as it relates to spending down the District's reserves. The Board discussed the possibility of financing some of the work by spending down reserves and some of it by borrowing money through Debt Certificates or Direct Placement Tax Exempt Bonds that would ultimately be repaid through the District's operating funds, a strategy that would not require a referendum. The Board noted that the savings realized in the elimination of portables (approximately \$140,000 on leases and another \$50,000 on maintenance) should be part of the financial analysis.

The Board will continue its discussion on the proposal at the October 15, 2013 Regular meeting at which time, schematics, renderings, timelines, more accurate cost estimates and financing information will be presented.

On a related topic, Assistant Superintendent for Finance, Facilities and Operations Bob Ciserella noted that the administration expects to bring forward about \$750,000 in recommendations around roof replacements, work that will be partly funded by a \$50,000 state grant.

B. FGM Contract Renewal-Amendment 24 through 28-Professional Services: The Board discussed the administration's recommendation to approve the amendments to the contract with district architect of record, FGM Architects. The amendments cover the work expected of FGM over the course of the 2013-2014 fiscal year, such as that related to the additions under discussion by the Board, upcoming roof work and other matters (i.e. portable inspections; fees for professional services, etc.).

The Board noted that it is important for the district to familiarize itself with other firms that are out there, conducting interviews, etc.

The Board expects to take action on the matter at its October 15, 2013 Regular meeting.

C. Amendment to Glenbard Area Property Tax Appeals Consortium: The Board discussed the administration's recommendation to approve an amendment adding Community Consolidated School District 93 to the Glenbard Property Tax Appeals Consortium through which participating school districts 41, 87 and 89 share certain legal costs.

The matter Board expects to take action on the matter at its October 15, 2013 meeting.

Upcoming Meetings

- A. October 15, 2013 Regular Meeting, 7:00 p.m., Central Services Office
- B. October 28, 2013 Board of Education Regular Meeting, 7:00 p.m., Central Services Office

Other

The Board also discussed the increased Freedom of Information Requests (FOIA) and the amount of staff time involved in responding to them. Dr. Gordon noted that he and community member Jeff Cooper have met to discuss Mr. Cooper's inquiries about hotel conferences that were referenced earlier.

Board members also discussed their participation in the Triple I conference, an annual conference that is held in Chicago and sponsored by the Illinois Association of School Boards (IASB), the Illinois Association of School Business Officials (IASBO) and the Illinois Association of School Administrators (IASA). Board members noted that the conference includes sessions related to board governance, school law and other topics pertinent to the work of school boards and administrators and offers great professional development opportunities. Costs have typically included conference registration fees, hotel accommodations for one night and a group dinner. Conference costs are covered in the Board's annual budget of \$7,500 for professional learning and development. Board members concurred that it is an important conference to attend; it is an appropriate use of District funds; and, that Board members would like to continue to participate in the conference.

Public Participation

Kevin Rath expressed concern about the lack of information that has been shared by the District about the status of two Abraham Lincoln portable classrooms that were closed due to an insect infestation. Mr. Rath also questioned the Administration's proposed elementary additions suggesting that all, not some, of the portables can be eliminated.

Adjournment

There being no further business, Board members Joe Bochenski moved and Patrick Escalante seconded to adjourn the meeting at 9:16 p.m. Motion carried on a unanimous voice vote.

Respectfully submitted,

Maureen Stecker, Board Recording Secretary

Sam Black, Board President

Dean Elger, Board Secretary
