

Resources for E-LEARNING

Glen Ellyn Public Library

Stack Packs

Curated bundles of books that complement your school curriculum. Topics include American History, Science, Artists, Languages, Music, Math, and World Cultures. For grades K-8.

Brainfuse HelpNow

Vetted virtual one-on-one tutoring and homework help using your GEPL library card. Online tutors are available from 2-11 pm every day.

Tumble Book Library

Interactive read-alouds with fun animations, picture books, and early readers to practice phonics, decoding, and reading skills. For pre-k to grade 5.

TumbleMath

Interactive math books and activities with animations to make learning fun. For pre-k to grade 5.

NoveList K-8 Plus

Award-winning books based on your child's interests and reading levels. Includes Lexile levels and next read suggestions, picture books, early readers, and chapter books for older kids. For grades k-8.

Your Next Read

Encourage your student to read with personalized book recommendations. Library staff will even place the holds for you for easy pickup at the drive-up window. For all ages.

3D Printing

Practice your engineering and design skills using a CAD design program like TinkerCad, and your design will be printed and placed at the drive-up window for pickup. For all ages.

Hoopla and Libby

Ebooks and e-audiobooks you can download for book discussions and on-the-go reading. For all ages.

Creativebug

Inspiration and ideas for creative art projects for some hands-on fun. For all ages.

Science in Context

Help with research for science projects and fascinating facts about the world around us. For all ages.
