Art Tech at Hadley Partners with Junior Achievement

For the seventh year, Junior Achievement has partnered with the Art Tech class at Hadley to enhance the D41 learning standards for our students. The District 41 learning standards include communicating, collaborating, creating, and critical-thinking. Junior Achievement volunteer-based programs foster work-readiness, entrepreneurship

and financial literacy skills, and use experiential learning to inspire students to dream big and reach their potential.

For example, Civil Engineer and Vice President for Marketing for Nalco Water Corp. Jason Fues spent a day at Hadley with Art Tech 6th, 7th and 8th graders participating in Junior Achievement's classroom program for career collaboration, personal budgeting and personal branding. Thank you to Junior Achievement and to Jason Fues for enhancing the learning experience in Art Tech for the students!
