GLEN ELLYN SCHOOL DISTRICT 41

BOARD OF EDUCATION REGULAR MEETING

NOVEMBER 12, 2012 - 7:30 PM

HADLEY JUNIOR HIGH SCHOOL 240 HAWTHORNE BOULEVARD GLEN ELLYN, ILLINOIS

Call to Order

Board President Erica Nelson called the November 12, 2012 Board meeting to order at 7:30 p.m. Mrs. Nelson welcomed AP students from Glenbard West and a former District 41 student who were in attendance.

Pledge of Allegiance

Vice President Drew Ellis led in the recital of the Pledge of Allegiance.

Roll Call

Upon the roll being called the following members answered present: Steve Vondrak, Dan Smith, Jr., Terra Costa Howard, Sam Black, Drew Ellis and Erica Nelson. Mr. Kenwood joined the meeting at 7:31 p.m.

Public Participation

Parent Tom Shanahan urged the Board to consider more advanced science instruction at Hadley Junior High School in order to prepare students better for the high school experience. He noted that District 41 has done a good job with differentiation in Math in English but not as well in science and that Hadley students attending Glenbard West are struggling in the science content area. He further noted that other districts have already begun to differentiate and encouraged the Board to re-examine the matter.

Recognition

A. School Board Member Day November 15, 2012: In honor of School Board Members Day, Superintendent Dr. Ann Riebock read the attached Proclamation honoring Board members for their hard work on behalf of the students and the District 41 community. Dr. Riebock said that it has been her pleasure to work for and with Board members.

Dr. Riebock also noted that the District is giving two presentations at the upcoming Triple I Conference, November 16-17, 2012:

Middle School Schedules that make PLCs work Saturday, Nov. 17 1:30-3:15 p.m.

Panelists: Chris Dransoff, Matt Adelman, Brian Bonkowski

21st Century Learning in 20th Century Facilities Saturday, Nov. 17 3:30 p.m.

Panelists: District administrators and elementary teachers Sarah Rodriguez, Amy Bishop and Jodi Conrad

Presentations, Reports and Initiative Updates

A. Hadley New Horizons (HNH): Hadley Principal Dr. Christopher Dransoff and members of his staff presented an update on the HNH change initiative and where they are in their evaluation of the change process.

HNH began in 2007 with review and evaluation of Hadley's Exploratory Program and evolved into a bigger undertaking as Hadley examined ways to improve the academic, social and emotional experience for its students. The foci for change were exploratory, organization of the school day, respectful relationships, teaming and home-school communication. The HNH evaluation is based on three measures: fidelity (did we do what we said we would do?), satisfaction (are people happy with the changes?), and impact (what has been the effect?).

The results of HNH include:

- Significant increase in the number of students in the instrumental and choral music programs
- Positive impact on learning due to minimizing student pull-outs for music and athletics and providing more time for math and literacy
- Revamped exploratory program
- New avenues for helping struggling students
- PLC model rather than cross-discipline teams
- Focus on student teambuilding
- Flexible, no-bells schedule with staggered lunch hours and some cross-grade classes

Conclusions and Next Steps: A task force to explore the issue of adding time for social studies and science and addressing scheduling issues for exploratory classes; the Building Leadership Team (BLT) will look at how to improve the Take Ten 10-minute segment that concludes the day and make it a more valuable experience as well as study the social emotional support, RtI Tier II and The Dog Ate My Homework class.

B. Hadley Library Media Center (LMC) Remodel: Assistant Superintendent of Finance, Facilities and Operations reviewed a proposal for the renovation of Hadley's LMC. Dr. Riebock noted its contextual relationship to the Long Range Plan and how the proposed changes will symbolize and inspire 21st century learning and benefit all Hadley students.

Hadley's Library Media Specialist Chris Abbott sees this renovation as a great opportunity for the students, staff and community. It incorporates all of the components that have been identified for a 21st century learning environment: creativity,

collaboration, problem-based learning for all students and staff. If transforming the LMC comes to fruition, it will have a major and very positive impact on teaching and learning.

This proposal was discussed by the Finance and Facilities Committee at a meeting preceding the Board meeting and will be discussed again later in the agenda as well as at the November 26th Board meeting.

C. 2012 Proposed Property Tax Levy: Mr. Ciserella presented an overview of the 2012 proposed tax levy <u>link</u> via PowerPoint presentation.

This year, the district is requesting \$43,492,000, which represents an approximate 11.7% increase over the previous year's extension. The district actually expects to receive an increase of approximately 11.32%, which Mr. Ciserella noted that increase is due in part to the 2011 abatement of the bond and interest levy. It was noted that the Board will have an opportunity to discuss the proposed levy further at its November 26, 2012 Board meeting and again on December 10, 2012 following the Truth and Taxation Public Hearing. It was further noted that Board action on establishing the date and time for the Truth in Taxation Hearing and on the Truth and Taxation Act Resolution is scheduled for later in the meeting.

Superintendent's Report

Dr. Riebock reported on the following matters:

- A. Think Tank: Presentations on the Think Tank Group's work to date are being made at all of the buildings. Additionally a presentation will be made to the Continuous Improvement Team (CIT) on November 15, 2012. The 60-member group will be reporting its findings to the Board on November 26, 2012. Think Tank will also be hosting parent sessions.
- B. Enrollment Report: Dr. Riebock reported that enrollment remains stable as it has been for the past five or six years and noted that the 2012 Kasarda Demographic Study is posted online. Board member Sam Black noted there are currently 456 students in portable classrooms.

Board Reports

A. Committee Reports

- 1. Finance & Facilities Committee: Chairman Drew Ellis reported on the Finance and Facilities Committee meeting immediately preceding the Board meeting. The meeting included a presentation on the 2012 Proposed Tax Levy and discussion on the District's fund balances.
- Policy Committee: Mr. Black reported at its last meeting the Committee discussed a
 process map outlining the procedure on policy review and is currently reviewing
 Section III and preparing to present its recommended revisions to the Board for a
 first reading. Section II is scheduled next for review and it is the Committee's hope
 that the review will be completed before the next Board of Education is seated in
 May, 2013.
- Illinois Association of School Boards (IASB) Resolutions Committee
 Recommendations: Mr. Black reviewed his recommendations for the IASB November
 2012 meeting which are outlined on the attachment. The Board affirmed its support
 of Mr. Black's recommendations.

(Attachment)

B. Other Reports: Mrs. Nelson reminded the Board on a series of panel discussions that will be held at Triple I around legislation, pension reform.

Discussion Items

A. Change in Pay Structure & Pay Increase for Lunchroom/Playground Supervisors: The Board discussed the administration's proposal to restructure compensation for lunchroom supervisors. The lunch room supervisors have been paid according to "lunch sessions" rather than by an hourly rate. The lunch sessions at each of the schools may vary in time depending on how many lunch periods the school provides. The result is lunch supervisors are paid inequitably across the five schools, some working over two hours as a session and others working an hour. To remedy this situation, the administration is recommending an hourly rate that aligns as closely as possible to the current rate of pay for what is considered a "session". The current rate for a session is \$25.20. The administration is recommending an hourly rate of \$20.00.

Board discussion focused on inequities surrounding length of lunch hours, duties, etc. and raised concern about the recommended rate of pay. It was noted that due to limited playground space some of the schools have longer lunches.

B. Administrator Computer Refresh: The Board reviewed an \$18,280.00 proposal to replace computers for Central Services and building administrators and to put this equipment on a refresh cycle similar to other technology in the district. Below is a summary of pricing from Heartland Business Systems and Tiger Direct.

Heartland Systems	Busi	ness		Tiger Direct B2B			
	Qty	Cost	Ext. Cost		Qty	Cost	Ext. Cost
HP Folio					. 19		
13	20	\$835.00	\$16,700.00	HP Folio 13	20	\$879.99	\$17,599.80
HP Port				HP Port			
Replicator	20	\$79.00	\$1,580.00	Replicator	20	\$85.88	\$1,717.60
		Total	\$18,280.00			Total	\$19,317.40

Additional Costs and Information:

The administration is also recommending the purchase of monitors, keyboards and mice for office use. The cost for the monitors will be \$179.00 each and wireless keyboard and mouse will be \$49.99 each. Total cost per administrator will be \$228.00 for a total cost of \$4,579.80 to be paid with budgeted funds from the 2012/2013 school year.

This recommendation is scheduled for Board action on November 26, 2012.

- C. Hadley Library Media Center (LMC) Remodeling Project and 2013 Summer Capital Projects Update:
 - Remodeling of the Hadley LMC: The Board reviewed a proposal to transform the Hadley Library Media Center into an interactive space that reflects a more dynamic learning environment and can meet the research and project-based learning expectations associated with the Long-Range Plan and the implementation of the Common Core Standards. The new LMC will have a reduced print collection with greater opportunity for collaboration, media creation and presentation of information. The room has been designed to create maximum flexibility so that large group meetings, class meetings and professional development can be held. This project has been developed in collaboration with a Hadley stakeholder group, the administration and FGM Architects.

Estimated costs are included in the attached spreadsheet.

(Attachment)

Below is a summary of the proposed project timeline and estimated costs.

- October 22, 2012, Request support from the Finance Committee to go out to bid for the Hadley LMC project (completed).
- November 12, 2012, Board of Education to discuss the Hadley LMC project.
- November 26, 2012, Board of Education to authorize the administration to bid the Hadley LMC project.
- January 2013, Bids due from contractors.
- February 2013, Finance Committee to review and discuss contractor bid results.
- March 2013, Discussion and action by the Board of Education to accept bids for the Hadley LMC project.

Hadley LMC Project	Estimated Costs
Construction	\$850,000
Furniture & Equipment	\$150,000
Technology	\$150,000
Professional Fees	\$100,000
Total expenditures	\$1,250,000

Additional Costs and Information:

The administration is currently meeting with various district groups to determine the scope of the following projects which are also scheduled for the summer of 2013. These projects are expected to be brought to the Finance Committee and Board of Education beginning in January 2013. The projects and their estimated costs are as follows:

2013 Summer Capital Projects	Estimated Costs
Hadley Painting Project	\$150,000
STEM Implementation Elementary School (\$200,000 per Building)	\$800,000
STEM Equipment (\$75,000 per Building)	\$300,000
21 St Century Classroom (Includes Carpeting and Equipment)	\$297,200
Fire Alarm and Intercom System Replacement	\$50,000
Professional Fees	\$100,000
Total Expenditures	\$1,697,200

This item will be brought to the Board on November 26 with a request to approve going out to bid.

Board discussion focused on the cost for this proposal and how the space will be used primarily as flexible space. Some Board members questioned whether some elements of the project could be eliminated or scaled back in order to reduce costs. Dr. Riebock noted that the Board will have an opportunity to evaluate the project in context with other capital projects.
