Monthly Revenue/Expenditure Summary Report Overview January 2012

Overview

When reviewing the attached Monthly Revenue/Expenditure Summary Report year to year comparisons must take into account the recent unbudgeted transfer of \$2,727,800 from the Education and Operations & Maintenance Fund to the Debt Service. Year to date revenues and expenditures are lower than budgeted and will be taken into consideration in the following written analysis.

Revenues

Overall district revenues are approximately 1.48% less than last year for the same fiscal period. To date, the district has received \$756,755.04 in General State Aid for the current fiscal year. The state has made it a priority to continue to make GSA payments in a timely manner. However, Restricted State Funds continues to be an area of concern. Of the \$1,690,354.04 received to date, \$423,151.43 is for the first quarter of the current fiscal year, \$1,636.10 was received during the first half of fiscal year 2012 and the balance or \$1,265,566.51 is from the 2011 fiscal year. Of this amount the funds received during the months of July and August, \$688,760.53 will be accrued to the 2011 fiscal year. The remainder \$576,805.98, will be recognized in the current 2012 fiscal year. These funds represent reimbursement for categorical expenditures including special education, TBE/TPI, and transportation.

The revenue areas that are lagging from a year ago include receipts for personal property taxes and federal programs.

Please keep in mind that District 41 maintains its operating books on a cash basis and recognizes its revenues and expenditures when received.

Expenditures

Expenditures are less than last year's amount by .02% for the same fiscal period.

Scorecard Summary

The administration has reviewed the criteria established during the Scorecard development process and feels significant progress has been made in aligning budgeted and actual financial results. However, the administration continues to be concerned with the timeliness and lack of state financing and the resulting effect on the district's financial condition.
