Some board supported the project explaining that the work is necessary due to the lot's deterioration and unsatisfactory traffic flow. They also felt that the timing of the project was advantageous because the work is scheduled during the same the same time that the Village of Glen Ellyn will be reconstructing Hawthorne Boulevard. Other board members felt that the timing was bad, expressing reservations about the project costs and its priority as compared to other uses for the money.

Superintendent's Report

Superintendent Dr. Ann Riebock reported on the following matters:

- A. March 26, 2012 Enrollment Report: Enrollment remains stable. Mr. Black noted there are 473 students in portables in the elementary schools.
- B. Technology Reorganization: Dr. Riebock and Technology Director Mike Wood made school visits to discuss the technology restructuring that will become effective for the 2012-2013 school year to support the district's technology growth. Common themes emerged including the importance of the people in the roles and how they are valued. Dr. Riebock said that the listening tours provided an opportunity to gain insight of the things to be conscious of as the transition unfolds.
- C. Legislative Update: Dr. Riebock reported on the current legislative morass and the issues that may result in legislation or funding decisions around General State Aid (GSA), particularly related to teacher pensions and transportation funding. The district is currently looking at the reduction of one GSA payment from the state this year and possibly two next year. Dr. Riebock noted that the district will have already prepared a draft budget by the time the state legislature reconvenes so we are clearly out of sync with the state. The district will continue to monitor the situation and at some point in time, the board may be asked to weigh in on some ideas.

Board Reports

- Dan Smith attended Forest Glen PTA: Discussion topics included the technology reorganization and changes to the Gifted Services Program.
- Mr. Black attended PTA Executive Council: Key discussion topics included Common Core and the reorganization of the Gifted Services Program. Mr. Black also reported on the March 13 and April 5, 2012 Policy Committee meetings. The Committee reviewed policies 7:20, 2:150 and Section IV. All will come to the full board on April 23 for a first reading and second reading and adoption on May 14. Mr. Black noted that there are no substantive changes made to Section IV.
- Mrs. Nelson attended Hadley PTA on March 13. There were three key note speakers who talked about the transition to Glenbard West. Mrs. Nelson also reported on the upcoming effort, Powerful Outstanding Women (P.O.W) on Saturday, April 14, 2012; a joint effort through hosted by Hadley staff and PTA.

- B. SmartMusic Subscription for Band/Orchestra Program: SmartMusic will be used by band and orchestra students in grades 4 – 8. Students will need internet/computer access from home to practice.
