On October 31st ISBE released District and School Report Cards to the public.

The report card has a focus of growth and school climate to provide a more complete picture of what is going on in our schools.

With the approval of Illinois' ESEA Flexibility Waiver, districts and schools are no longer measured against Adequate Yearly Progress (AYP) targets.

The Report Card is an important tool for us as we continue to transform our District into a 21st century teaching and learning community for our students.

FAST FACTS

Academic Growth

To measure the amount of academic growth a school's students demonstrate, Illinois compares students' performance on the ISAT from one year to the next. Scores over 100 indicate that students are improving relative to their grade level, for example by moving from Below Standards to Meets Standards.

Academic Success

The percentage of students who meet or exceed standards on the Illinois Standards Achievement Test (ISAT).

Student Characteristics

White	67%	Low Income	24%
Black	4%	English Learners	13%
Hispanic	14%	With Disabilities	11%
Asian	12%	Homeless	2%
American Indian	0%		
Two or More Races	3%		
Pacific Islander	0%

D41 Ranked in Top 5 for DuPage County

BY MARY HILSON

Students at many West suburban elementary schools are showing more growth in math than in reading despite new math standards educators say are more rigorous.

Partnership for Assessment of
Readiness for College and Careers

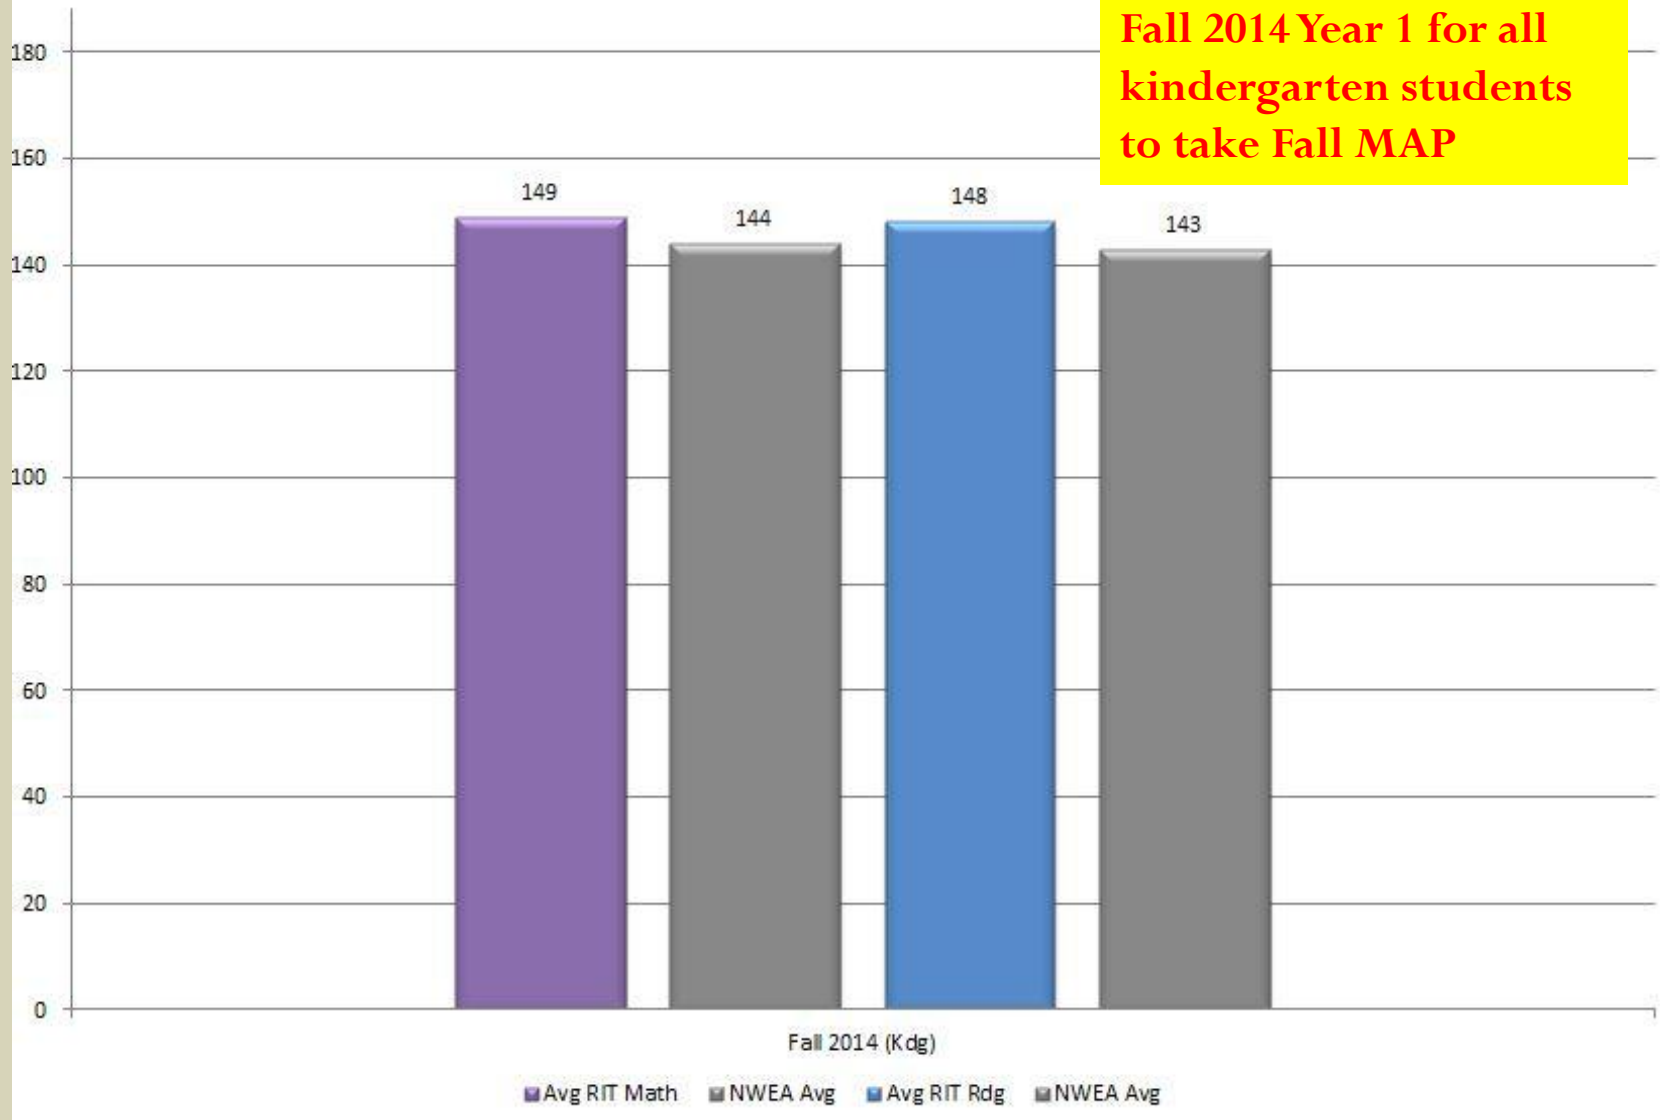

This school year we will begin administering the [Partnership for Assessment of Readiness for College and Careers \(PARCC\)](#) exams.

Scores from the tests administered in grades 3 – 8 will be used to set the baseline for the measures in years to come.

ISBE is currently in the process of developing multiple measures index (MMI) that will be used for accountability in the future.
